Welcome to PH5. This custom penthouse was thoughtfully designed with an exceptional attention to detail that still stands the test of time. Its high-end finishes and timeless craftsmanship continue to impress today, offering a space tailored to the most discerning buyer. A striking double-sided fireplace anchors the living area, framed by elegant arched ceilings that elevate the grandeur of the space. Floor-to-ceiling windows wrap the unit, flooding it with natural light and opening onto an expansive private terrace of over 1,200 square feet. Once a lush garden oasis, the terrace now presents a blank canvas, ready for the next owner to reimagine and make their own. Originally configured as a two-bedroom, two-and-a-half-bathroom residence, the layout has been redesigned to maximize openness and flow. Designed with both entertaining friends and family in mind, PH5 offers a rare opportunity to create a lasting legacy in a truly unique space.
