Regarding the condo fees, discussions with the condo board have taken place to significantly reduce contributions in 2026, as the contingency fund is in a strong position (approximately \$25,000).

No major expenses are anticipated in the short term, as the roof was replaced in 2023 and the driveways and catch basins were completely redone in 2016 and remain in excellent condition.

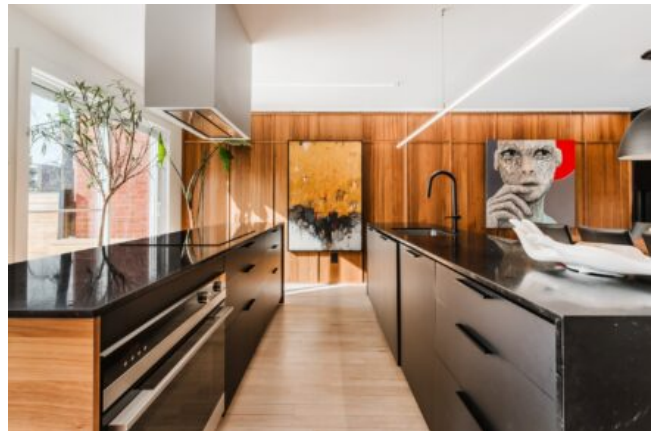

The only anticipated shared expenses are essentially the building insurance, landscaping maintenance, and snow removal.
